

# ME AND MY SISTER

## Make a Mask

You will need:

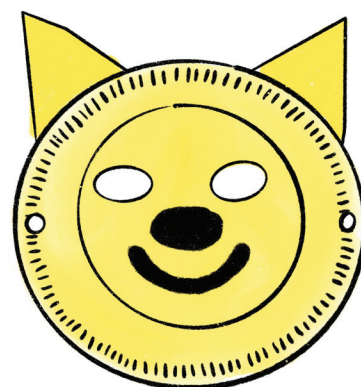

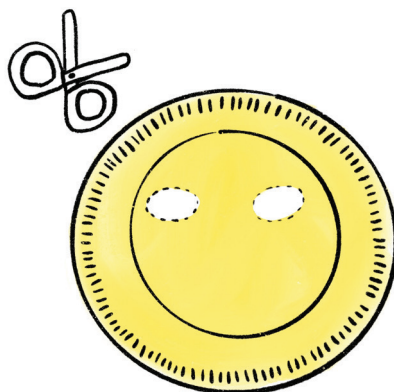

- 1 Paper Plate
- Yellow Poster Paint
- Paintbrush
- Scissors
- Glue/Sticky tape
- Yellow & Black card
- String/ Elastic

1. First, cut out two large triangles for ears from the yellow card, and a round oval and bendy worm shape from the black card for the nose and mouth.

2. Turn your paper plate upside down.

3. Paint the entire side of the plate that is facing you with the yellow poster paint.

4. Once the paint is completely dry, use the scissors to cut two eyeholes. Ask an adult for help if this part is too tricky.

5. Using glue or sticky tape, attach the ears, nose and mouth to your mask. Finally, using a hole-punch or scissors, make little holes in the sides for the elastic.
