

Play the Memory Game with Albie!

- Print 2 sheets (or 4 for a bigger game) and cut the pictures so the squares are the same size.

- Turn all the squares face down and mix up. Each player takes a turn to turn up 2 squares. If they match, they keep the squares and have another turn - if not, they lay them back in the same place.

- The player with the most cards at the end has won!
