

cut along dotted line

***Don't Be Silly!* Activity Sheet : Draw Your Own Portrait Gallery -**

1. Print out both A4 Sheets in colour or two tone, and tape them together side by side (tape on back)
2. On a separate piece of paper draw your imaginary portraits sizing them to fit inside the gallery frames. Think about hats and clothing, different countries and backgrounds, and include different skin tones/heritages. Draw portraits both in profile and facing front. While you are drawing, think about what emotion the portrait is showing.
3. Using a glue stick or other glue, stick the portraits into your gallery inside the frames.
4. If you want to show your galleries, ask a trusted adult to share a photo with hashtag #DontBeSilly!
