

Phyllis and Grace Teachers Notes.

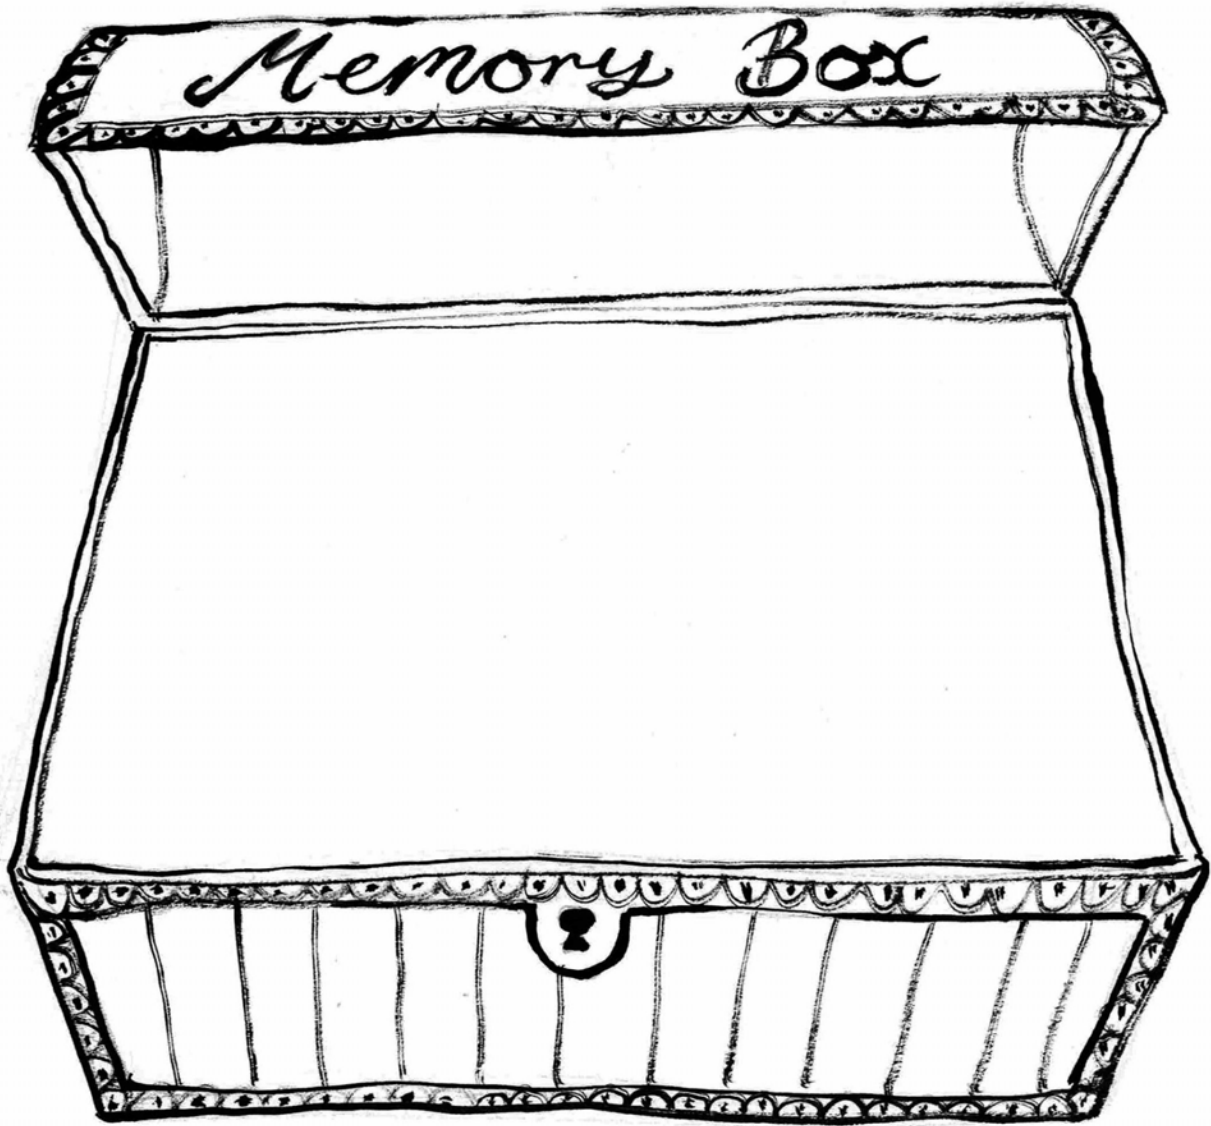

Memory Box

In *Phyllis and Grace*, Grace tries to help Phyllis remember things. For example, she draws a picture of the party dress that Phyllis described and shows Phyllis a photo of her horse. What other ways could we help Phyllis remember?

One way to help people with Alzheimers remember things is to make a Memory Box with familiar things and photographs in. What do you think Grace would put in Phyllis's Memory Box?

If you were to make a Memory Box for yourself, for when you are old and forgetful, what do you think you'd like to put in it to remember?

Make a list or draw a picture of the things inside your Memory Box.
